3. <u>Hazards identification</u>	This product is not classified as dangerous according to EU Directive 1999/45/EC. Eye contact: Transient superficial irritation. Skin contact: Prolonged exposure may cause skin irritation. Ingestion: Possible mild gastro-intestinal irritation with nausea and vomiting. Inhalation: Inhaling aerosolized product may cause mild irritation of the respiratory system.															
4. <u>First-aid measures</u>	Eye contact: Rinse thoroughly with plenty of water for several minutes. If symptoms persist, seek medical advice. Skin contact: Rinse affected area with water. If needed apply cold compress to relieve irritation. If symptoms persist, discontinue use of product and seek medical advice. Ingestion: Drink water to dilute product. Do not induce vomiting. Act immediately in order to prevent further irritation of mouth, throat and stomach mucosa. If symptoms persist, if persistent vomiting occurs or if blood tinged vomitus is present, seek medical advice. Inhalation: Go into open air and ventilate suspected area. If irritation is experienced, mouth and throat may be rinsed with water. Aerosolized product adhering to the nasal cavity may be rinsed/diluted with saline/plain water. If irritation or asthma-like symptoms persist, seek medical advice.															
5. <u>Fire fighting measures</u>	Not explosive. Not auto-flammable. The product itself will not burn. If anything, packaging may be involved in a fire. Use CO2, dry chemical powders or alcohol resistant foam. If water is used, contain run-off.															
6. <u>Accidental release measures</u>	Avoid spillage into sewers or surface water. For large spills: pump into plastic containers and rework/dispose as per local legislation. For small spills: use non-combustible absorbant and shovel into container for disposal.															
7. <u>Handling and storage</u>	Assure adequate ventilation. Store in a cool and dry area.															
8. <u>Exposure controls / Personal protection</u>	Not a hazard in normal use. No personal protective equipment required.															

Procter & Gamble*Commercial Products Group- Europe***Safety Data Sheets EU Directive: 2001/58/EC****EU Master SAFETY DATA SHEET**

CPG 32 - Issue 1

Replaces: ICP55 - Issue 2

Issue Date: September 6, 2002

Expiry date: October 1, 2003

9. <u>Physical and chemical properties</u>	Appearance: transparent liquid Odour: perfume pH (as is): ca. 7.4 Not Flammable. Non-Explosive. Non-Oxidizing. Relative density: ca. 1.0 g/cc Water solubility: high
10. <u>Stability and reactivity</u>	Stable under normal conditions.
11. <u>Toxicological information</u>	Not acutely toxic, may cause vomiting. If large quantities are ingested, treat symptomatically. Do not induce vomiting. If irritant effects are seen, these will be mild to moderate, depending on exposure. If in contact with eyes, flushing with water is recommended. Estimated acute oral toxicity: LD50 (rats) \geq 2 ml/kg Eye irritation: Slightly irritating to the eyes Skin irritation: Slightly irritating to the skin Chronic toxicity: Repeated exposure to low levels will not cause adverse effects Contact sensitization: Does not provoke a sensitization reaction
12. <u>Ecological information</u>	The product is intended for wide dispersive use and is compatible with the down-the-drain disposal route. The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment. The surfactants used in the product are biodegradable in line with the requirements of EU Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.
13. <u>Disposal considerations</u>	Professional products ending up down the drain after use. Observe safe handling precautions and local legislation.
14. <u>Transport information</u>	Not subject to ADR/IATA/IMDG codes.
15. <u>Regulatory information</u>	This product is not classified as dangerous according to EU Directive 1999/45/EC and national laws. All substances in the preparation are registered in the EU.
16. <u>Other information</u>	This product does not require any special training before use. Usage and handling instructions are mentioned on package and on this Material Safety Data Sheet.

Housekeeping Solutions

Flash Floor Cleaner

Neutral floor cleaner for daily cleaning of washable floors.

Product information

- Excellent cleaning properties.
- Suitable for use on most washable floors including fragile ones.
- Preserves natural shine of floors.
- Suitable for use with scrubber-driers and wet mopping systems.
- Neutral pH.
- No need for rinsing.
- Leaves a fresh, pleasant scent.
- Do not use on water-sensitive floors, e.g. unsealed wood.

Technical information

Appearance: Blue liquid

Smell: Perfumed

pH (10% at 20°C): 7.4

Relative density: 1.019

Water solubility: High

Usage instructions

Dosing/Dilution System: Only to be used with P&G Professional Dosing equipment installed or checked by the appointed engineer.

Manual dilution: Use 60ml (2 dosing bottle dosages or 2 hand pumps) for 5L water.

Automated dilution/dosing: Follow instructions provided with the dosing or dilution system.

- Use solution as dispensed by the dilution system to fill bucket.
- For automated dosing, use 60ml (2 dosages) for 5L water.

Thoroughly wet surfaces with mop and bucket. No rinsing required. Heavily soiled hard floors need preliminary cleaning.

Usage aids

Manual dosing pump, manual dosing bottle.

Cautionary guidance

Product is not classified as hazardous.

Eye contact: In case of contact with eyes, rinse thoroughly with plenty of water for at least 15 minutes. If symptoms persist, seek medical advice.

Skin contact: Rinse affected area thoroughly with water. If needed apply cold compress to relieve irritation. In case any irritation persists, discontinue use of the product and seek medical advice.

Ingestion: In case of ingestion, drink water to dilute product. Do not induce vomiting. Act immediately to prevent further irritation. If symptoms persist, seek medical advice.

Inhalation: If irritation should occur, rinse mouth and throat with water and move to fresh air. If any irritation persists or asthma-like symptoms occur, seek medical advice.

Safety data sheet available on request.

Storage requirements

Store in a cool and dry area.

Provide sufficient ventilation.

Stable under normal conditions.

Do not store below 0°C.

CHIP/Classification

Product is not classified as hazardous.

Pack Size

5L

Pack Type

High Density Polyethylene bottle.

Polypropylene cap.
